

# Pouncing Paws

THIS UNIT CONTAINS:

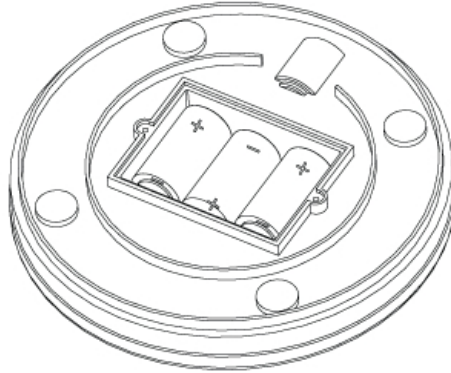

## STEP 1

Remove the battery cover from **BASE "BB"** using a small Phillips head screwdriver.

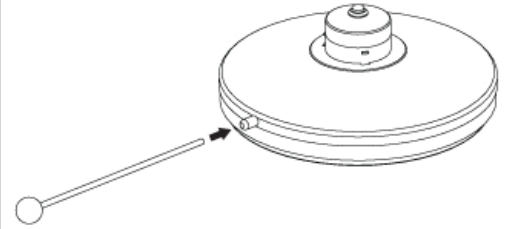

## STEP 2

Insert 3 C batteries (not included) into the battery case as shown, then re-attach battery cover.

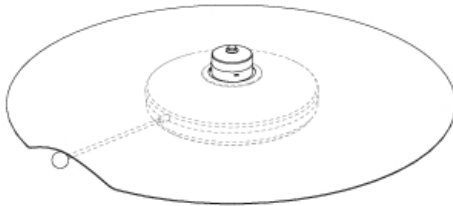

## STEP 3

Insert **WAND "DD"** into **BASE "BB"** as shown. Save extra **WAND "DD"** for future use.

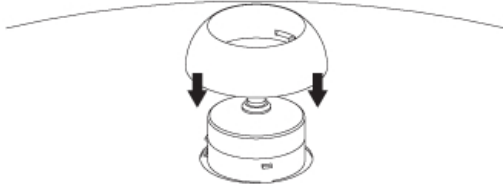

## STEP 4

Place **COVER "CC"** over **BASE "BB"** as shown.

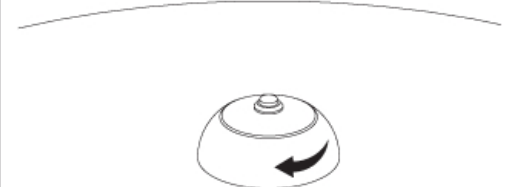

## STEP 5

Place **CAP "EE"** onto **BASE "BB"** as shown.

## STEP 6

Turn **CAP "EE"** clockwise until it locks.

## OPTIONAL STEP

Attach end of **PIPE SLEEVE "FF"** to bottom of **COVER "CC"** using hook and loop strips. Then wrap the opposite flap of the sleeve around a ground level pipe on any Kitty City™ structure and close using hook and loop strips as shown.
